

The 4Ds: Delegation

ANTHROPIC

Delegation is making thoughtful decisions about what work is appropriate for you to do, for AI to do, or for you and AI to do together, and how to distribute those tasks.

What am I
trying to do?

Problem Awareness

Clearly understanding your goals and the nature of the work before involving AI.

What do you
do well?

Platform Awareness

Understanding the capabilities and limitations of different AI systems.

Ok, here's
the plan

Task Delegation

Thoughtfully distributing work between humans and AI to leverage the strengths of each.

Effective delegation requires both domain expertise and an understanding of AI capabilities.
